## **REGULATORY IMPACT STATEMENT**

### **Statutory Authority:**

The statutory authority for this regulation is contained in Chapter 56 of the Laws of 2020 and authorizes the Commissioner to promulgate regulations, including emergency regulations, regarding a supplemental Medicaid reimbursement payment for ground emergency medical transportation services. This supplemental payment is in lieu of an ambulance non-comparable add-on in the hospital acute inpatient reimbursement rate. Rate regulations are set forth in Subpart 86-1 of Title 10 (Health) of the Official Compilation of Codes, Rules, and Regulations of the State of New York (NYCRR).

### **Legislative Objectives:**

The legislative objective is to provide the ability to participate in the supplemental payment for ground emergency medical transportation services but eliminate any potential duplicate Medicaid reimbursement.

### **Needs and Benefits:**

Based on the requirements of Chapter 56 of the Laws of 2020, eligible ground emergency transportation providers will be provided the ability to participate in a supplemental payment in lieu of receiving reimbursement through a hospital. Article 28 hospitals currently receive reimbursement through their acute hospital inpatient rate for ambulance services provided by the ground emergency medical transportation providers. For ground emergency transportation providers that meet the requirements of this chapter and receive the supplemental payment, the hospitals through which they were reimbursed will not be eligible to also receive the ambulance add-on in the acute hospital inpatient rate.
